**AGREEMENT BY AND BETWEEN THE CITY OF BURNET AND  
BURNET COUNTY EMERGENCY SERVICES DISTRICT NO. 7  
FOR THE EXPENDITURE OF FUNDS FOR A FIRE TRUCK**

This agreement (“Agreement”) is by and between the CITY OF BURNET, Texas, a home-rule municipal corporation duly organized and operating under the laws of the State of Texas (“City”) and BURNET COUNTY EMERGENCY SERVICES DISTRICT NO. 7, a political subdivision of the State of Texas, organized and operating pursuant to the provision of Section 48-e, Article III of the Texas Constitution and Chapter 775 of the Health and Safety Code (“District”), as amended, acting by and through their duly authorized representatives.

**WHEREAS**, the District is a duly organized emergency services district, created to protect life and health, and for such other purposes as determined by the District under Chapter 775 of the Health and Safety Code; and

**WHEREAS**, the City is a home rule municipal corporation of the State of Texas; and

**WHEREAS**, through an Interlocal Agreement for Providing Fire Protection Services dated January 1, 2012 as amended, renewed, and/or adopted from time-to-time (“Interlocal Agreement”), City provides certain emergency services to the District, and that the purchase of a 2022 Pierce Freightliner FX3 Pumper Truck as further described in Exhibit “A” (hereinafter “Truck”), will improve the quality of service provided to the District; and

**WHEREAS**, the District has determined that it is in the best interest of the residents and property owners of the District to enter into an agreement to assist in funding the purchase of such Truck.

**NOW, THEREFORE**, for and in consideration of the covenants, conditions and undertakings hereinafter described, and the benefits to accrue to the citizens of the City and the residents and property owners of the District, the parties contract, covenant and agree to the following:

- (1) **Payment.** In consideration of the services provided by the City under the Interlocal Agreement, The District agrees to provide **One Hundred Thirty Thousand Dollars (\$130,000)** to the City of Burnet to be used toward the City’s purchase of said Truck. Such payment shall be made to the City as follows:
  - (A) *First Payment.* On the effective date of this Agreement the District shall make a payment of **Sixty-five Thousand Dollars (\$65,000.00)**.
  - (B) *Second Payment.* On or before January 31, 2024 the District shall make a final payment of **Sixty-five Thousand Dollars**

**(\$65,000.00).**

- (2) **Termination.** This Agreement shall automatically terminate if the Truck is not purchased by the City within sixty (60) days of execution of this Agreement. In the event of such termination, the City shall return all funds tendered by The District to said District within thirty (30) days of such termination.
- (3) **The District's property interest.** Pursuant to Texas Health & Safety Code §775.073(d), the District retains an ownership interest in the Truck equal to the share of the purchase price paid for by the District. In this instance the purchase price is **Five Hundred Fifty-Three Thousand Six Hundred and Thirty-Four Dollars (\$554,634.00)**. Therefore, upon final payment, as stated in section (1), the District shall retain a **Twenty-Three and 8/10 Percent (23.8%)** property interest in the Truck.
- (4) **Interlocal Agreement Termination.** Should either the District or the City terminate the Interlocal Agreement, the City shall, within thirty (30) days of the Interlocal Agreement's termination, pay to the District the District's proportionate share of the then-existing fair market value of the Truck. To determine the value of the Truck and then the District's proportionate ownership therein, the fair market value of the Truck shall be established by a third-party mutually acceptable to The District and the City. This provision will not apply so long as the City continues to provide auto-aid to structure fires within the ESD following termination of the Interlocal Agreement. This section and its enforceability will survive the termination of the Interlocal Agreement.
- (5) **City Buy-out.** The City may purchase the District's ownership interest in the Truck at any time by paying to the District the District's proportionate share of the then-existing fair market value of Truck. To determine the value of the Truck and the District's proportionate ownership therein, the fair market value of the Truck shall be established by a third-party mutually acceptable to The District and the City.
- (6) **Maintenance and repair.** The City shall be solely responsible for maintenance of and insurance on the Truck and the City shall, in its sole discretion, determine the proper use of the Truck in providing services to the ESD under the terms of the Interlocal Agreement.
