The following dates will be considered the first day of a calendar quarter: January 1, April 1, July 1, and October 1. The average price of diesel fuel shall be determined by reference to the U.S. Energy Administration / Department of Energy published price for diesel fuel – Gulf Coast Region. The following website (or any successor website) will be the source for such information: http://tonto.eia.doe.gov/oog/info/wohdp/diesel_detail_report_combined.asp.” The average price of diesel fuel for each calendar quarter (each, a “Quarterly Average Price”) shall be the average of the weekly fuel prices published for each week during such calendar quarter.

The Fuel Cost Adjustment for each calendar quarter (each, a “Fuel Cost Adjustment”) shall be the product of (i) 6.60% and (ii) a fraction, the numerator of which is equal to the difference between the Base Price and the Quarterly Average Price and the denominator of which is the Base Price. In the event the Quarterly Average Price is greater than the Base Price, the Fuel Cost Adjustment shall be an upward adjustment to all rates herein. In the event the Quarterly Average Price is less than the Base Price, the Fuel Cost Adjustment shall be a downward adjustment to all rates herein; provided, however that the rates shall never fall below the rates as outlined in the City's agreement with its Contractor. Each Fuel Cost Adjustment shall be effective during the calendar quarter immediately following the calendar quarter for which such Fuel Cost Adjustment was determined.

Formula:

$$((\text{Quarterly Average Price} - \text{Base Price}) / \text{Base Price}) \times 6.60\% = \text{Fuel Cost Adjustment}$$

Example:

Assume the Quarterly Average Price of diesel fuel was \$4.00 for the calendar quarter ending on September 30, 2012.

$(4.00 - 3.65)/3.65 = .0959 \times 6.60\% = .6329\%$ increase to all the rates established for roll-off services, for the calendar quarter beginning on October 1, 2012.”

(8) Franchise Fee

The City, and/or its Contractor, shall charge a fifteen percent (15%) Franchise Fee for all roll-off services, self-contained compact roll-offs, and Special Collections provide to its Customers.

(9) Self-Contained Compactor Roll-Offs

Any rental of a self-contained compactor roll-off by a Customer shall be considered a Special Collection (as defined herein). The City, and/or its Contractor, and the Customer shall enter into an individual agreement for the self-contained compactor roll-off service, and the rates contained herein for roll-off services will not apply to the self-contained compactor roll-off service. Any amounts collected by the Contractor for providing services with a self-contained compactor roll-off will be subject to the City's Franchise Fee.

Should any section or part of this ordinance be held unconstitutional, illegal, or invalid, or the application to any person or circumstance for any reasons thereof ineffective or inapplicable, such unconstitutionality, illegality, invalidity, or ineffectiveness of such section or part shall in no way affect, impair or invalidate the remaining portion or portions thereof; but as to such remaining portion or portions, the same shall be and remain in full force and effect and to this end the provisions of this ordinance are declared to be severable.

(7) Fuel Cost Adjustment. – “Beginning on July 1, 2012 and on the first day of every calendar quarter thereafter, the City, and/or its Contractor, shall adjust the rates for Roll-Off Containers, for any calendar quarter in which the average price of diesel fuel during the preceding calendar quarter exceeded \$3.65 per gallon (the “Base Price”). The following dates will be considered the first day of a calendar quarter: January 1, April 1, July 1, and October 1. The average price of diesel fuel shall be determined by reference to the U.S. Energy Administration / Department of Energy published price for diesel fuel – Gulf Coast Region. The following website (or any successor website) will be the source for such information: http://tonto.eia.doe.gov/oog/info/wohdp/diesel_detail_report_combined.asp.” The average price of diesel fuel for each calendar quarter (each, a “Quarterly Average Price”) shall be the average of the weekly fuel prices published for each week during such calendar quarter.

The Fuel Cost Adjustment for each calendar quarter (each, a “Fuel Cost Adjustment”) shall be the product of (i) 6.60% and (ii) a fraction, the numerator of which is equal to the difference between the Base Price and the Quarterly Average Price and the denominator of which is the Base Price. In the event the Quarterly Average Price is greater than the Base Price, the Fuel Cost Adjustment shall be an upward adjustment to all rates herein. In the event the Quarterly Average Price is less than the Base Price, the Fuel Cost Adjustment shall be a downward adjustment to all rates herein; provided, however that the rates shall never fall below the rates as outlined in the City's agreement with its Contractor. Each Fuel Cost Adjustment shall be effective during the calendar quarter immediately following the calendar quarter for which such Fuel Cost Adjustment was determined.

Formula:

$$((\text{Quarterly Average Price} - \text{Base Price}) / \text{Base Price}) \times 6.60\% = \text{Fuel Cost Adjustment}$$

Example:

Assume the Quarterly Average Price of diesel fuel was \$4.00 for the calendar quarter ending on September 30, 2012.

$(4.00 - 3.65)/3.65 = .0959 \times 6.60\% = .6329\%$ increase to all the rates established for roll-off services, for the calendar quarter beginning on October 1, 2012.”

(8) Franchise Fee

The City, and/or its Contractor, shall charge a fifteen percent (15%) Franchise Fee for all roll-off services, self-contained compact roll-offs, and Special Collections provide to its Customers.

(9) Self-Contained Compactor Roll-Offs

Any rental of a self-contained compactor roll-off by a Customer shall be considered a Special Collection (as defined herein). The City, and/or its Contractor, and the Customer shall enter into an individual agreement for the self-contained compactor roll-off service, and the rates contained herein for roll-off services will not apply to the self-contained compactor roll-off service. Any amounts collected by the Contractor for providing services with a self-contained compactor roll-off will be subject to the City's Franchise Fee.
